

The **23<sup>rd</sup> European Congress of Herpetology** held by the **Societas Europaea Herpetologica** (SEH) will take place in Bonn, Germany, from 8<sup>th</sup> to 12<sup>th</sup> September 2025.

The SEH was founded in 1979 and is a herpetological society with nearly 350 members from all over Europe and beyond. It publishes the quarterly journal *Amphibia-Reptilia* (indexed in Scopus and Web of Science), as well as the online-only and open access journal *Herpetology Notes*. Every other year, we organize an international congress at different venues in Europe – this year it's Bonn.

In order to keep attendance costs low, especially for students, we are reaching out for companies and organisations to support our congress. Please see our various sponsorship options – from very basic financial support to sponsorship of the entire icebreaker event.

If you are interested and/or have further questions, please don't hesitate to get in touch with us.
